

PAZNAUN - ISCHGL GORFENSPIZ VIA FERRATA

APPROACH

Proceed through Paznaun to Galtür. Before the Jambach, turn off for Jämtal. After 100 metres, there is a car park for hikers on the left hand side of the road. The parking machines do not operate in the summer months. From the car park follow the Gampele road to the bridge. Bear right here across the bridge. Then take a left (square), follow the 'Panoramaweg' signposts. 100 metres after the wooden bridge (over the Jambach) follow the signposted path to 'Gorfenspitze'. The signposted path proceeds initially through a forest, then heads steeply up to a viewing bench (1980m). From there, follow the path (experts only) until you reach a ridge beneath the Gorfenspitze. From here it is a very steep, in parts easy climbing section (difficulty level 1) up to the entrance of the via ferrata.
